Cruiser

Ideal for weighing, counting and checkweighing, the durable Cruiser series includes two portable ranges. The CCT counting scale stores 140 PLUs or piece weights to improve efficiency. The CKT checkweighing scale offers a color-changing display that shows if the weight is over, under, or within set limits.

Both ranges feature the same sturdy design with heavy-duty stainless steel platforms and identical user interfaces. All Cruiser models provide smooth connectivity with computers and printers.

CRUISER BENCH SCALE SERIES

CRUISER CKT CHECKWEIGHING SCALES

- Expedite repetitive weighing tasks with a backlit display that changes color, showing if the weight is over, under, or within the set limit.
- Cruiser CKT scales can store and recall over/under limits. Quickly enter known sample weights on the full numeric keypad.
- Seven built-in applications.

Applications
- Weighing
- Parts counting
- Checkweighing
- Check counting
- Accumulation of weight
- Percentage weighing
- Net total weighing

CRUISER CCT COUNTING SCALES

- Intuitive software keeps track of the count, automatically optimizing the unit weight for greater accuracy.
- Cruiser CCT can store and recall piece weights for 140 product lookups (PLUs).
- Three screens show 'Weight', 'Unit Weight' and 'Count'.

Applications
- Weighing
- Parts counting
- Check counting

Featuring durable construction, the Cruiser compact bench series includes several ranges that are ideal for production, warehouse, or field use.

Rugged Design
All Cruiser models feature ABS housing, stainless steel recessed pan, and non-slip feet.

Power Options
Cruiser scales are powered by an AC adapter or rechargeable battery.

Data Connections
Quickly transmit results to a computer or printer via the RS-232 connection or optional USB interface.
